Ron Johnston (leader)	Honda CBF1000	Leo Zhang (2 nd ride)	Honda CBR600

The ride started at Yarra Glen with 10 bikes and 11 participants. The route included Chum Creek and Myers Creek Roads to Healesville, then over the Black Spur for the first rest stop at Marysville. The men in the blue and white chequered suits were very present on the Black Spur but we behaved ourselves as usual and they didn't want to speak to us.

After a rest stop at Marysville the ride continued on to Buxton and Taggerty and then to Torbreck River on the Jamieson Road. Leo didn't make it to Torbreck because his bike was tired and had a little lay down on the side of the Eildon-Jamieson road. He was not hurt and his bike was rideable so he was sent home with the instructions to get some advanced training before riding with the Club again.

After a stop at the Torbreck River to clean our visors we headed back to Eildon for lunch. After lunch it was Skyline Road to Alexandra, Molesworth via Whanregarwen Road, then Yea and finally to Kinglake West where the ride broke up. The rain held off for the day and the roads were clear.
